Connecting Scientists with Middle and High School Educators

February 4, 2015	4:00 pm	Forestry, It's All About Trees Meg Burgett, Cooperative Extension Service
February 18, 2015	4:00 pm	Wildlife Outside Your Back Door Sierra Doherty, Alaska Dept. of Fish & Game
March 4, 2015	4:00 pm	Freshwater Aquatics Josh Ashline, U.S. Fish & Wildlife Service/AK Pacific University Sabrina Larsen, Alaska Pacific University
March 18, 2015	4:00 pm	Intertidal Ecology—Life on the Edge Beth Trowbridge, Center for Alaskan Coastal Studies
April 1, 2015	4:00 pm	Why is Soil Important? Mark Clark, Retired U.S. Department of Agriculture

- Each session will be approximately 1 hour long, presented live on the internet via Blackboard Collaborate. Scientists will include a career connection, content, student activities, additional resources, and Q & A. Teachers preparing teams for the Environthon will find the series very useful.
- Join ANROE and you will receive access to all sessions. Individual membership is \$35.
- A 1-credit CEU is being offered through the University of Alaska Fairbanks by combining these presentations with the UAF Geophysical Institute's "[Science for Alaska Lecture Series](#)." 1 CEU costs \$45.
- Preregistration is required for the webinar series and CEU. Visit <https://anroe.wordpress.com> click on the Professional Development tab to register OR call Cathy Rezabeck at 907-250-4507.
